wardbryan3@gmail.com | 971-762-7050 | Lakeview, OR | www.github.com/wardbryan3

Objective

Detail-oriented and proactive IT professional with hands-on experience in technical support, system troubleshooting, and end-user assistance. Seeking a Service Desk Analyst role leveraging strong problem-solving skills, customer service background, and technical expertise to support OED's IT operations.

Technical Skills

Operating Systems: Windows 7–11, Linux (Debian, Fedora, Arch)

Software & Tools: Microsoft Office/M365, Active Directory, Proxmox VE, Docker, Git, SSH

Hardware Support: Desktop/laptop deployment, printer configuration, mobile devices, A/V equipment

Networking: TCP/IP, wireless/wired configurations, remote access, cloud storage integration

Programming/Scripting: Python, JavaScript, Java, HTML/CSS, Shell scripting

Relevant Experience

KORV Radio | Lakeview, OR | May 2021 - Present

IT Support Manager | November 2025 - Present

- Designing and implementing the station's online streaming infrastructure, ensuring reliable broadcast delivery and user accessibility.
- Automating routine IT and business processes using Python, including system backups, content downloads, and log monitoring, reducing manual effort and improving operational consistency.
- Creating and maintaining detailed procedural documentation and knowledge base articles to streamline troubleshooting and onboarding.
- Providing comprehensive technical support for end-users across Windows and Linux environments, resolving hardware, software, and network issues via in-person and remote assistance.

IT Support Technician | May 2021 - November 2025

- On call technical support for the workstation fleet, including hardware upgrades, OS migration, and software troubleshooting.
- Assisted in the imaging, deployment, and configuration of desktop/laptop computers and printers, ensuring standardized setups.
- Designed and implemented a centralized file management system using Dropbox, migrating from disparate local storage to a secure, cloud-based solution. This streamlined file access and collaboration for all staff.
- Streamlined printer deployment processes, reducing connectivity issues and configuration time.
- Documented procedures and maintain a knowledge base for recurring technical issues.

Ward Detail and More | Lakeview, OR | May 2021 - Nov 2025

Owner/ Operator |

- Managed end-to-end client projects from consultation to completion, designing and installing custom 12V electrical systems with a focus on reliability and safety.
- Performed root-cause analysis on complex technical issues, developed effective repair strategies and preventative solutions.
- Oversaw daily business operations, including inventory management, supply procurement, and financial record-keeping, ensuring optimal resource allocation and cost-effectiveness.
- Developed and maintained detailed technical documentation, SOPs, and client manuals to ensure consistent service quality and knowledge retention.
- Conducted final quality testing and personalized client training on all installed systems, ensuring customer confidence and satisfaction.

Red Rock Biofuels | Lakeview, OR | Dec 2020 - May 2021

Plant Operator |

- Monitored automated production systems, responded to diagnostics, and authored detailed incident and performance reports.
- Participated in technical training to master new systems and optimize operational efficiency.
- Authored detailed technical documentation on equipment performance, incident reports, and production data, created a reliable knowledge base for process optimization and regulatory compliance.

Car Toys | Portland, OR | Aug 2017 - Apr 2020

Install Technician | Sep 2018 - Apr 2020

- Earned promotion from Detailer by proactively obtaining MECP (Mobile Electronics Certification Professional) certification, demonstrating technical proficiency and commitment to the field.
- Conducted technical consultations and sales, analyzed customer needs to design and recommend customized audio, security, and remote-start systems.
- Performed detailed installations and integrations of complex 12V electrical systems, requiring precise troubleshooting of wiring, connectivity, and configuration issues.

Detailer | Aug 2017 - Sep 2018

- Performed high-quality interior and exterior vehicle detailing, adhering to strict service standards and checklists to ensure customer satisfaction.
- Developed strong client rapport through clear communication and by managing expectations regarding service timelines and results.
- Maintained inventory of cleaning supplies and tools, ensuring workspaces were organized and efficient for the team.

Projects

Automated Greenhouse: Raspberry Pi Pico, MicroPython, Sensors, Relays

- Designed and implemented an embedded system to autonomously regulate greenhouse conditions, including temperature, humidity, and soil moisture.
- Engineered a solution that reduces manual intervention and optimizes plant growth, demonstrating end-to-end project ownership

Home Server: Proxmox VE, Docker, LXM, VMs, Plex, Immich

- Architected and maintaining a robust home server environment virtualized on proxmox, hosting critical services in isolated Linux Containers and Virtual Machines
- Containerised applications using Docker to streamline deployment, management, and scalability of services such as Plex Media Server, Immich, and Nextcloud

Game Development: Godot Engine, GDScript, Data Structures, Algorithms

- Developed 2D and 3D game prototypes to deepen understanding of core programming principles, including object oriented design, state management, and common data structures.
- Implemented algorithms for pathfinding and AI behavior, focusing on performance optimization and clean, maintainable code structure

Education and Certifications

- **Southern New Hampshire University | Bachelor of Science**
 - **Computer Science, Expected 02/2026**
 - **GPA: 4.0**
 - **Completed coursework in SQL, Python Scripting, and Java**
- **Responsive Web Design Certification - 2020**
- **MECP (Mobile Electronics Certification Professional) Skilled Installation Technician - June 2019**
- **High School Diploma - Lakeview, OR - 2012**
